

## Most Important References to Search Specific Economic Data

### Consortium of Swiss Academic Libraries (Switch-Login)

The universities of applied sciences are subscribed to approximately 60 specialized research databases in various fields through the Consortium of Swiss Academic Libraries. All students and employees of the universities of applied sciences have free access to these databases on the university campus.

**Access from campus or from home:** <http://www.htwchur.ch/bibliothek>  
>Fachdatenbanken >click the Switch-Icon

**Access directly:** <http://ezproxy.htwchur.ch>

*(Login with Nickname/ Password from HTW Chur NOT library login)*

## Publishing Houses: Full Text Available!

These publishing companies (hosts) offer you access to a lot of full text articles from journals:

### Elsevier and Science Direct

The collection of Elsevier amounts to over 1,800 journals including a considerable number of titles that specialize in economics and business administration. Not all E-journals have extensive archives of older material. Our license covers full-text versions of publications after 1995.

 ELSEVIER

 ScienceDirect

### Emerald

Emerald contains over 38,000 articles (full-text) in over 170 management journals covering strategy, organization, leadership, marketing, human resources and information management.

 Emerald

### SpringerLink

SpringerLink provides access to more than 400 E-journals of the Springer publishing house in Heidelberg. All articles are available in full-text. Our subscription includes full-text for all journal articles published after

### Taylor & Francis

Taylor & Francis consists of two collections: Social Science, Humanity (SSH) Library and Science, Technical and Medical (STM) library. We have a subscription for the **SSH** library - it comprises more than 750 journals. Access to the full-text of the articles is provided from 1997 onwards.
