

Master of Science in Business Administration

Unique offer for Master Students: Internship in Silicon Valley

*Did you ever wonder how it is to work in the birthplace of Google, Apple and HP?
Take your chance to work and live in Silicon Valley during 2 to 3 months together
with Alexander Fries, founder and president of Ecosystem Ventures LLt.*

*Mr. Fries is the founder of the European-American Angels Club, an organization that
actively invests in European Start-ups. His own company is a Silicon Valley-based venture
capital investment and strategic consulting company, experienced in building sustainable
companies around significant technologies and innovative business ideas (for ex. Facebook).*

*Only the costs for the transfer to the USA need to be covered. Food and accommodation
are included. In addition, you will receive a compensation of \$ 500 per month. The
beginning of this internship is not yet determined and will be fixed individually.*

Send your letter of motivation to:

*Prof. Josef Walker, Head of Department Entrepreneurial Management,
Comercialstrasse 22, 7000 Chur.*

*Closing date is December 11th 2009. The top three applications will be sent to Mr.
Fries, who will finally decide who deserves to achieve this internship.*
